President's Message

The Amateur League (in 1991) once again a successful year which was marked by an increase in the Saturday League teams, necessitating the creation of two equal divisions which on the basis of league standings are being rationalized as Divisions 1 and 2 in 1992. In relation to the 12 team situation existing in Sunday Division 2, the League has decided to extend this for a further year to enable a survey to be undertaken into the inherent problems associated with the running of a 12 team division. The outcome will help us to decide whether to move to a universal 12 team division situation next year, or revert back to 10 team divisions.

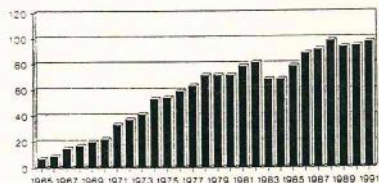

As you are probably aware the League is once again being faced with outside pressures, due to the refurbishing going on at Hindmarsh. Although we would be delighted to remain in close contact with Soccers Headquarters, there is just no suitable accommodation available, it looks therefore as if we will have to move and find suitable administrative headquarters elsewhere. This will at first be an inconvenience to all concerned, but I am sure that if we all work together a little harder, and understand each others problems, we will come through this upheaval and be in a better situation than before. It is interesting to note that even through all the troubles we have had in the past we still grow from strength to strength (see graph below) — Now over 100 clubs in 1992.

During the off season a State Select Team visited Victoria to celebrate The Victorian Amateur League's 21st Anniversary, and whilst there your executive took the opportunity to discuss the renewal of the Interstate Championships last held in 1982. The discussions were successful and it is anticipated that the Championships will recommence at Easter 1993 with the probable venue in Darwin. This will give players who have the ability a chance to lift their game and strive for selection in a competition which could lead to selection in an Australian team if they are good enough.

There is one more situation that I believe we must face and face quickly and for which we must collectively take the blame, and unless we all face up to and take an active part in reversing the situation we could have a crisis on our hands — I refer to Referees and their diminishing numbers caused by lack of support and appreciation of the job they do, and the pressure that they are put under by the actions of players, officials and spectators. It is about time we all stopped referee bashing, both verbally and physically, and gave them assistance and support by appreciating what they do under difficult conditions — I don't think we would like to be treated the way we treat some referees.

In conclusion we would like to thank all those who have supported the League in the past years and trust that with our support they will continue to do so, namely Coca Cola, Parabanks, Munaro, Bailetti, Newsfront, McAvaney and Foundation SA. I would also like to thank our wives and our loyal band of officials, Bill Bailey, Niall Gossland, Rich Rech, Bob Cox, Don Coppola, Peter Beesley, Romano Manno and Alex Cichanowski, and make a special note that after this year we will have only one member of the committee who is not a life member, quite an achievement, also thanks to our Radio Team, The Federation Office and The Referees Association. Wishing you all success in the coming year.

IAN S GOSSLAND, President, SAASL

Quit & win

Give up cigarettes and start winning the great tournament of life.

Sports men & women avoid smoking because it effects their performance and health.

The human body cannot function properly if it is continually polluted by tobacco. It stands to reason that all of us have to be fit, just to survive the great tournament of life.

We have to perform well at work. We are responsible for our family's well-being. Just day-to-day living is a marathon "tie-breaker."

So if we smoke, our ability to perform is diminished. Smokers are susceptible to illness. They can develop heart disease, cancer and even facial wrinkles are more premature on a smoker.

So why do we smoke? For a minute or two's satisfaction, we pay a very heavy price indeed.

The choice is quite simple. Find the will to give up cigarettes. Find the will to "Quit & Win!"
